## **Office Hours Summary**

### January 10, 2024

#### **Dividend Reinvestment Reminder**

As of January 1, 2024, dividend reinvestment is no longer included on our model assignment form. Accounts with automatic dividend reinvestment will gradually have that feature disabled in the month of January. As a reminder, our daily cash management keeps balances in check. Dividend reinvestment arbitrarily reinvests dollars without concern for weighting and reinvested dividends complicate tax-loss harvesting.
